What's Happening in Rosedale

3/21/26

Name Plaque on the 44th Avenue Monument Damaged

Many of you have noticed that the name plaques have detached from the 44th Ave monument. We have contacted a vendor to reattach this plaque and others that are loose. The vendor will also seal around the edges of the plaques to minimize moisture and wind encroachment which can lead to delamination. We will check out the SR70 Monument while we are at it. We should have a bid for this work tomorrow, but it may take several days to repair.

Need a Volunteer with Experience with WIX Web Authoring Software

I'm not planning to quit any time soon, but as anyone in business knows, your first job in any position is to train a replacement. In this case, I don't need a replacement. I need a backup who can take over if something happens to me. If you have website authoring experience, particularly with WIX, and are willing to serve your neighbors in Rosedale, please contact me at bodmazer@rosedalemhoa.com.
